

Family of Raised Floor Grommets

Integral Raised Floor Grommets

Item No. 1010
Seals openings* 9 1/4 x 6 3/4 inches
(235 x 172 mm)
*Minimum cut required

Item No. 3030
Seals openings* 9 1/4 x 6 3/4 inches
(235 x 172 mm)
*Minimum cut required

Install KoldLok Integral and Split Integral Raised Floor Grommets in new openings prior to the installation of equipment cables. With the KoldLok Split Integral Grommet, floor tiles can be moved without capturing cables.

Surface Mount Raised Floor Grommets

Item No. 2020
Seals openings 10 x 7 1/4 inches or less
(254 x 184 mm)

Item No. 2030
Seals openings 10 x 9 3/4 inches or less
(254 x 248 mm)

Item No. 2040
Seals openings 10" x 13"
(254 x 330 mm)

KoldLok Surface Mount Raised Floor Grommets seal a variety of existing raised-floor tile cable openings and allow the flexibility of removing tiles without capturing cables. Item Nos. 2030 and 2040 seal larger areas.

Extended Raised Floor Grommets

Item No. 10012
3-inch filaments
Seals full tile width or smaller opening

Item No. 10013
6-inch filaments
Seals full tile width or smaller opening

KoldLok Extended Raised Floor Grommets seal a variety of existing perimeter openings, with the added flexibility of modification for large and unique openings. Items 10012 and 10013 are specifically designed for use with either 600 mm or 24-inch tiles.

Mini Raised Floor Grommets

Item No. 10052 with static-dissipation feature
Item No. 10077 without static-dissipation feature
Seals openings* 4 x 6 inches (100 x 150 mm)
*Minimum cut required

Install in new openings prior to the installation of equipment cables. Allows floor tiles to be moved without capturing cables.
